Dear Mrs. Manley:

Due to the death of Mr. Rassas, one of the directors of our organization, there may be several changes made in our set-up.

Knowing that you are about to fix your schedule for next summer, Doctor Dabney and I were wondering if you might be interested in our park. If you have any proposition you would care to discuss, kindly let Doc or myself know about it and we will arrange to meet with you.

Very truly yours,

James Horowitz, Secretary
